Stephanie A. Ferree, Ed.D., Supervisor of Curriculum & Instruction and Coordinator of Federal Programs

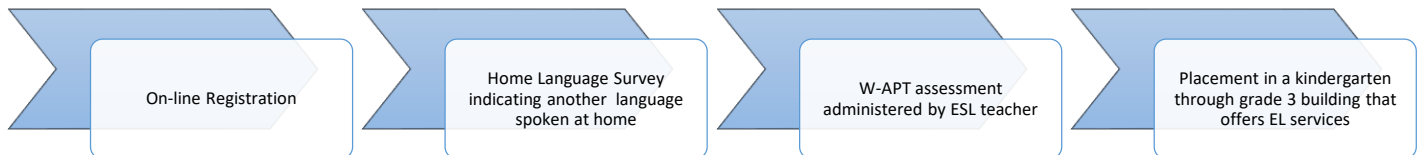

Welcome to the Dallastown Area School District!

We are so excited that you have chosen our school district to make your home. With a dedication to excellence and a reputation as a premier district in the county, Dallastown Area School District's vision is to create and inspire pathways for student success, particularly with the English Learner's (EL) mastery of both conversational and academic languages. To that end, we offer a full range of services to all EL students.

During New Student Registration you provided information on the Home Language Survey. If you indicated that your child speaks another language at home, we are obligated by the Pennsylvania Department of Education to screen your student and place him/her accordingly. Following completion of the registration process, the school will contact you to schedule a screening.

Kindergarten (after May Kindergarten Student Registration) through Grade 3 EL Screening Process

Screening for kindergarten (after May Kindergarten Student Registration) through grade 3 are conducted at one of our two EL buildings, either York Township Elementary or Ore Valley Elementary. When screening determines an elementary student qualifies for EL services, it may necessitate a change in building assignment. Transportation is provided to and from the school regardless of the home building.

Grades 4 through 12 EL Screening Process

Screening for grades 4 through 12 are conducted at the home building.

Should you have questions or concerns regarding this process, please contact the school principal or the Supervisor of Curriculum & Instruction and Coordinator of Federal Programs at (717) 244-4021, ext. 4273.
